Apr. 25 and 26, 1985.—Public hearings.

May 23, 1985.—Reported favorably to the Senate by the Finance Committee, with amendments (**S. Rept. 99-73**).

SUMMARY OF FINANCE COMMITTEE AMENDMENTS TO S. 51

Hazardous Substance Superfund

The committee amendment redesignates the "Hazardous Substance Response Trust Fund" as the "Hazardous Substance Superfund," and continues and expands the Superfund by allocating to the fund the balance of the existing Superfund and Postclosure Liability Trust Fund in addition to amounts equivalent to the new Superfund Excise Tax on manufacturers, together with the present law taxes on petroleum and chemical feedstocks (modified as described below). No general revenues are authorized to be appropriated to the Superfund after fiscal year 1985.

The Superfund expenditure purposes and administrative provisions are generally the same as under present law; however, the committee amendment relocates these provisions from CERCLA to the trust fund code.

The amended trust fund provisions are effective on Oct. 1, 1985.

Petroleum and Chemical Feedstocks Taxes

The petroleum and chemical feedstocks taxes are extended for 5 years, through Sept. 30, 1990, at their present law rates. Exemptions from the chemical feedstocks tax are provided for exports of taxable chemicals; substances used to produce animal feed; and certain domestically recycled nickel, chromium, or cobalt (in addition to the present law exemptions).

These taxes would be suspended or terminated earlier than Sept. 30, 1990, under certain conditions when the unobligated balance in the Superfund exceeded $1.5 billion. Additionally, the taxes would expire at any point at which the Secretary determines that cumulative Superfund receipts during the reauthorization period (including interest but not including recoveries, fines, or other nontax amounts) equal or exceed $7.5 billion.

Superfund Excise Tax

Under the committee amendment, a new Superfund Excise Tax is imposed on the sale or lease of tangible personal property, in connection with a trade or business, by the manufacturer of the property. The tax rate is equal to 0.08 percent of the sales price of, or gross lease payments for, the property (i.e., $8 of tax per $10,000 of taxable amount). In the case of imports, the tax is imposed on the importer of tangible personal property based on the customs value (or, if no customs value is available, the fair market value) of the imported property plus customs duties. The tax is fully deductible against Federal income taxes.

A credit is allowed against the tax for purchases of tangible personal property, which is allocable to the cost of manufactured goods, using the manufacturer's inventory accounting method for income tax purposes. No tax is imposed on any manufacturer having $5 million or less of sales or lease receipts in any year. (In the case of imports, no tax is imposed on any shipment with a customs value, including duties, of less than $10,000.) Credits in excess of a manufacturer's tax liability may be carried over against later years' tax liabilities; however, excess credits may not be refunded. For purposes of the credit, expenses for items which are depreciable for income tax purposes are fully included in the year of purchase.

In addition to the exemption for small manufacturers, items sold or leased by governmental units and by tax-exempt organizations (other than by unrelated trades or businesses), are exempt from tax. Additionally, exported items are exempt from tax. Special rules are provided for purposes of implementing the export exemption, as well as for establishing constructive sales prices for manufactured goods in appropriate cases.

For purposes of the tax, "manufacturing" is generally defined as it is for purposes of the standard Industrial Classification ("SIC") Manual published by the Office of Management and Budget. Manufacturing also includes mining and the production of raw materials generally. However, manufacturing subject to the tax does not include the storage or transportation of property (or services incidental thereto); the preparation of food in a restaurant or other retail establishment; or the incidental preparation of property.

"Tangible personal property" includes natural gas and other gaseous products and materials, but does not include electricity, unprocessed agricultural products (including timber), or unprocessed food products.

S. 51—Continued

The Superfund Excise Tax is to be effective from Jan. 1, 1986 through Dec. 31, 1990, with provisions for earlier termination or suspension under the same conditions as the petroleum and chemical feedstocks taxes (discussed above). Returns for the tax are to be filed on an annual basis, using the taxpayer's taxable year for income tax purposes.

Repeal of Postclosure Liability Tax and Trust Fund

The committee amendment repeals the Postclosure Liability Trust Fund and the related hazardous waste disposal tax (code sec. 4681), effective Oct. 1, 1985. Amounts in the trust fund at that time are to be transferred to the Superfund.

Study of Alternative Superfund Taxes

The committee amendment directs the General Accounting Office ("GAO") to report to the finance Committee by Jan. 1, 1988, regarding alternative mechanisms for financing the Superfund. This report is to include a study of the effect of a tax on hazardous waste on the generation and disposal of such waste.

Industrial Development Bonds for Hazardous Waste Disposal Facilities

The committee amendment allows State and local governments to issue tax-exempt industrial development bonds (IDBs) to finance facilities for the treatment of hazardous waste, as these terms are defined under sec. 1004 of the Solid Waste Disposal Act. This exemption is limited to facilities which are subject to permitting requirements under the Resource Conservation and Recovery Act (RCRA). This provision is effective on the date of enactment.

FURTHER SENATE ACTION

May 24, 1985.—Sequentially referred to the Committee on the Judiciary.

June 14, 1985.—Committee on the Judiciary discharged, pursuant to the order of May 24, 1985.

June 14, 1985.—Placed on the Senate Calendar.

Sept. 17, 18, 19, 20, 23, and 24, 1985.—Considered by the Senate. On Sept. 24, 1985, the Committee on Finance was discharged from the further consideration of H.R. 2005 (Social Security Minor and Technical Changes Act of 1985), striking all after the enacting clause and inserting in lieu thereof the text of S. 51, as amended. The Senate previously took the following action on amendments within the Finance Committee's jurisdiction:

Adopted:

McConnell-Ford amendment 667, providing that certain expenses of a private foundation in removing hazardous substances shall be treated as qualifying distributions for purposes of sec. 4942 of the Internal Revenue Code of 1954, by voice vote (Sept. 20, Congressional Record S11861);

Stafford (for Heinz) amendment 678, to increase the amount which must be accumulated in the Superfund before the taxes are terminated, by voice vote (Sept. 24, Congressional Record S11996); and

Helms amendment 686, expressing the sense of the Senate that the committee of conference on the Superfund reauthorization legislation should report legislation containing a reliable financing mechanism for the Superfund program which does not include the value-added tax, by voice vote (Sept. 24, Congressional Record S12021).

Rejected:

Symms-Helms amendment 637, to terminate taxes allocated to the Superfund at such time as $5,700,000,000 has been credited to the Superfund and to limit the amount which may be expended from the Superfund during any fiscal year, by rollcall vote of 15 yeas, 79 nays (Sept. 20, Congressional Record S11837).

(See H.R. 2005 for further action)

Jan. 25, 1985.—Referred to Office of Management and Budget and Department of the Treasury.

Apr. 2, 1985.—Reported favorably to the Senate **(S. Rept. 99-23)** amended as follows:

1. REPEAL OF 1984 ACT PROVISIONS

S. 245—Continued

REPEAL OF "CONTEMPORANEOUS"

Strikes the words "adequate contemporaneous records" from Code sec. 274(d) as if those words had never been part of that provision, and inserts in lieu thereof the words "adequate records or by sufficient evidence corroborating the taxpayer's own statement."

The substantiation standard reinstated by the bill applies to traveling expenses; entertainment, amusement, or recreation activities or facilities; business gifts; and, effective for taxable years beginning after 1984, and listed property.

REPEAL OF RETURN PREPARER PROVISION

Repeals the provision requiring that a return preparer must specifically advise the taxpayer of the recordkeeping requirements and must obtain written confirmation from the taxpayer that such requirements were met. Provides that the Internal Revenue Code shall be applied and administered as if this provision had never been enacted.

REPEAL OF SPECIAL NEGLIGENCE PENALTY

Repeals the provision providing a special negligence penalty rule applicable to an underpayment of tax attributable to a failure to comply with the recordkeeping requirements. Provides that the Internal Revenue Code shall be applied and administered as if this provision had never been enacted.

REPEAL OF CERTAIN REGULATIONS

Repeal all Treasury regulations (temporary or proposed) issued prior to the enactment of the bill which carry out the amendments made by paragraphs (1)(C), (2), and (3) of sec. 179(b) of the Tax Reform Act of 1984 that are repealed by this bill. These revoked regulations are to have no force and effect whatsoever.

2. Limited-Use Vehicles and Certain Flight Benefits

The committee intends that Treasury regulations are to provide that the fair market value of an employee's commuting use of a limited-use vehicle furnished by the employer is excluded, as a working condition fringe, from the employee's gross income for Federal income tax purposes, and from the wage base (and, if applicable, from the benefit base) for purposes of income tax withholding and FUCA, FUTA, and RRTA taxes. A limited-use vehicle is a vehicle the characteristics of which make it unlikely that it will be used more than a very minimal amount for personal purposes. Example of such limited-use vehicles include marked police and fire vehicles, ambulances used as such, schoolbuses used as such, dump trucks, cement mixers, refrigerated trucks, tractors, and specialized utility repair trucks used as such.

The committee also intends that the Treasury is to substitute the safe-harbor valuation rules with respect to employee flights on employer-provided noncommercial aircraft that constitute taxable fringe benefits, for the valuation rules with respect to such benefits that are currently set forth in temporary regulations. The committee believes that these substitute safe-harbor rules relfect the intent of the Congress concerning the valuation of personal use of noncommercial aircraft under the fringe benefit rules in the Tax Reform Act of 1984.

The amount imputed to employees other than control employees is intended to be no more than the amount imputed to a parent of an airline employee, since it is difficult to distinguish the value of a standby flight on a commercial airline and a flight on a space-available basis on a similar noncommercial jet aircraft. However, the amount imputed to a parent of an airline employee under temporary Treasury regulations is presently 50 percent of the highest unrestricted coach fare for the trip which is charged by the carrier for which the employee works. The safe-harbor valuation regulations (as revised to reflect the committee's intent) are to utilize rules referring to commercial airline fares, such as Standard Initial Fare Level (SIFL) rates or industry average rates.

For purposes of the valuation rules, the term control employee means an employee (whether or not an officer) who controls the use of the aircraft for the trip, i.e., who controls either the use, scheduling, or destination of the aircraft.

3. Effective Date

The provisions of the bill repealing certain provisions enacted in the Tax Reform Act of 1984 take effect as if included in the amendments made by sec. 179(b) of the 1984 act.

June 5, 1985.—Indefinitely postponed.

S. 1114 **May 9, 1985**

MR. PACKWOOD

To approve and implement the Free Trade Area Agreement between the United States and Israel.

May 9, 1985.—Reported favorably to the Senate as an original bill (written report filed May 15, 1985).
May 9, 1985.—Placed on the calendar.
May 13, 1985.—Referred to Office of Management and Budget, International Trade Commission, U.S. Trade Representative, and Departments of the Treasury, State, Commerce, and Agriculture.
May 15, 1985.—Report filed to accompany S. 1114 **(S. Rept. 99-55)**.
June 18, 1985.—Indefinitely postponed.

Summary of S. 1114 As Reported

In title IV of the Trade and Tariff Act of 1984, the Congress authorized the President to negotiate a trade agreement with Israel providing for the elimination or reduction of tariff and nontariff barriers to products traded between the two countries, and to submit such an agreement, together with implementing legislation, to the Congress for approval under procedures for expedited consideration established in the Trade Act of 1974. On April 22, 1985, representatives of the Governments of the United States and Israel entered into an agreement to establish a free-trade area. On April 29, 1985, President Reagan transmitted this agreement to the Congress for approval, together with necessary implementing legislation and a statement of actions the Administration will take to implement it.

The committee bill would approve the agreement, the proposed implementing legislation, and the statement of administrative action. The President would be authorized to proclaim the elimination of tariffs on all products imported from Israel according to a schedule provided in the agreement. The bill further would authorize the President to modify tariffs as necessary to maintain the general balance of concessions provided in the agreement, and to submit for expedited congressional consideration any accelerated duty reductions the President may seek between 1990 and 1995 on the most import-sensitive articles. Besides a number of technical changes to current law, the bill also would authorize the President to lower for Israeli products the minimum value of U.S. Government procurements that may be bid upon by Israeli suppliers.

SUMMARY OF BILL AS REPORTED

Directs the President to take all actions within his power which are necessary to eliminate unfair trade practices of Japan or to offset the effects of those practices on the merchandise trade balance between Japan and the United States. Within 45 days of the bill's enactment, the President is to report publicly what actions he will take, and must implement all actions he has determined to take within 90 days of the bill's enactment. The bill further specifies that the President's action must, at a minimum, offset the effect on the merchandise trade balance of the relaxation of Japanese restraints on the exportation of automobiles to the United States.

In the event that the President decides to offset unfair Japanese trade practices, the bill requires that his actions be directed against competitive Japanese exports including, but not limited to, automobile, telecommunications, and electronic products.

Requires the Secretary of Treasury to study the impact of port user charge on potential diversions of waterborne cargo from U.S. ports to ports in Canada or Mexico, and to submit a report on the study to the Congress within one year after enactment of the bill.

Harbor Maintenance Trust Fund

Establishes a new Harbor Maintenance Trust Fund in the Treasury.

S. 1567—Continued

Inland Waterways Excise Tax and Trust Fund

WATERWAYS FUEL TAX

Provides for an increase in the inland waterways fuel excise tax from the rate (effective Oct. 1, 1985) of 10 cents per gallon. This rate will increase by one cent per gallon per year, beginning on Jan. 1, 1988, until reaching 20 cents per gallon on Jan. 1, 1997, and thereafter.

The committee amendment adds the Tennessee-Tombigbee Waterway to the list of inland and intracoastal waterways the commercial use of which is subject to the inland waterways fuel excise tax under sec. 4042.

WATERWAYS TRUST FUND STATUTE

Permitted expenditures out of the Inland Waterways Trust Fund are the same as under the bill as reported by the Committee on Environment and Public Works.

Authorization of Non-Federal Port User Fees

Grants congressional authorization for a non-Federal sponsor (State or local governmental entity) of a harbor construction project to impose and collect user fees in order to recover its share of a project's costs, plus 50 percent of the costs of incremental maintenance at below 45 feet in depth.

HOUSE BILL

(Bill: Amends the Controlled Substance Act to permit the Attorney General to deny, revoke, or suspend the registration to manufacture, distribute or dispense a controlled substance for any individual or entity excluded from the medicare program for acts requiring mandatory exclusions;

Requires each State to report to the Secretary the following information relating to formal proceedings concluded against a health care practitioner by a State licensing authority: (1) any adverse actions taken; (2) any dismissal or closure of such proceeding because the license was surrendered or the individual or entity left the State; or (3) any other loss of license.

Provides the Secretary the authority to:

> Exclude from medicare, and direct the States to exclude from medicaid, the maternal and child health programs under title V and the title XX social services programs any individual or entity convicted of a program-related crime for a minimum of 5 years;
>
> Exclude from medicare and direct the States to exclude from the above State health care programs any individual or entity convicted of a criminal offense relating to neglect or abuse of patients;
>
> Exclude from medicare and direct the States to exclude from the State health care programs any individual or entity convicted of certain offenses including fraud, financial abuse or unlawful manufacture or distribution of a controlled substance;
>
> Exclude from medicare and direct the States to exclude from the State health care programs any individual or entity whose license to provide health care has been revoked, suspended or who has otherwise lost or surrendered such a license for reasons bearing on professional competence, professional conduct or financial integrity;
>
> Exclude a health maintenance organization, approved under medicare or medicaid, which failed substantially to provide medically necessary items or services as required by law or contract if such failure has or has the likelihood of adversely affecting beneficiaries under these programs; and
>
> Impose a civil monetary penalty on a person who submits a claim for a physician's service and such physician was not licensed, had obtained a license through a misrepresentation of a material fact or who claimed to be board certified and was not; in addition, such person would be subject to a criminal penalty.)

Apr. 24, 1985.—House disagreed to the amendments of the Senate, agreed to a conference, and named the following conferees: Messrs. Rostenkowski, Gibbons, Pickle, Rangel, Stark, Duncan, Archer, and Vander Jagt.

May 7, 1985.—Conference report filed in the House **(H. Rept. 99-67)**.

May 8, 1985.—House agreed to conference report by rollcall vote of 426 yeas, 1 nay (Congressional Record H2979).

May 15, 1985—Senate began consideration of the conference report.

May 16, 1985.—Senate agreed to conference report, by voice vote (Congressional Record S6367).

DESCRIPTION OF CONFERENCE REPORT

A. Repeal of Requirement That Certain Records Must Be Contemporaneous

1. REPEAL OF "CONTEMPORANEOUS" REQUIREMENT

The conference agreement repeals the word "contemporaneous" effective as if it had never been enacted.

2. ALTERNATE SUBSTANTIATION METHOD

SUBSTANTIATION STANDARDS

The conference agreement generally follows the Senate amendment as to the substantiation standards.

The conference agreement does not include the provision of the house bill that would require that the sufficient evidence corroborating the taxpayer's own statement be written.

The conferees specifically approve the types of substantiation that were required under prior law.

WRITTEN POLICY STATEMENTS

The conferees intend that the two types of written policy statements satisfying the conditions described below, if initiated and kept by an employer to implement a policy of no personal use (or no personal use except for commuting) of a vehicle provided by the employer, qualify as sufficient evidence corroborating the taxpayer's own statement and therefore will satisfy the employer's substantiation requirements. Therefore, the employee need not keep a separate set of records for purposes of the employer's substantiation requirements with respect to use of a vehicle satisfying these written policy statement rules. A written policy statement adopted by a government unit as to employee use of its vehicles would be eligible for these exceptions to the substantiation rules. Thus, a resolution of a city council or a provision of State law or the State constitution would qualify as a written policy statement, so long as certain conditions are met.

TAX RETURN QUESTIONS

The conference agreement generally follows the House bill as to information to be requested on tax returns about businesses use of vehicles and other listed property.

3. REPEAL OF REGULATIONS

The conference agreement repeals all Treasury regulations (temporary or proposed) issued prior to the enactment of this House bill that carry out the amendments made by sec. 179(b) of the Tax Reform Act of 1984. Thus, such regulations issued to implement the changes to sec. 274(d) made by that act, particularly the inclusion in that section of the word "contemporaneous," are revoked. In addition, any regulations relating to the return preparer provision and the special negligence penalty are revoked. These revoked regulations are to have no force and effect whatsoever.

B. Repeal of Provisions Relating to Return Preparers

The conference agreement repeals this provision, effective as if it had never been enacted.

C. Repeal of Special Negligence Penalty

The conference agreement repeals this special negligence penalty, effective as if it had never been enacted.

D. Exceptions From Sec. 274(d) Rules and Exclusion From Income for Certain Vehicles

The conference agreement follows the House bill, with the following modifications:

H.R. 1869—Continued

The conferees intend that schoolbuses, qualified specialized utility repair trucks, and qualified moving vans, are also to be examples of vehicles that, by reason of their nature, are not likely to be used more than a de minimus amount for personal purposes.

Also, the conferees agreed that the Treasury Department was authorized to issue regulations exempting from sec. 274(d) substantiation rules, and from inclusion in income and wages, officially authorized uses of unmarked vehicles by law enforcement officers.

The conference agreement also provides that if, for example, a municipal government ordinance requires that police officers driving clearly marked police cars who are on duty at all times must take the vehicle home when the employee is not on his or her regular shift, and prohibits any personal use (except for this commuting use) of the vehicle outside the city (i.e., outside the limit of the officer's arrest powers), then all use of the vehicle could be considered in such regulations as an excludable working condition fringe.

E. Withholding Election

The conference agreement provides that an employer may elect not to deduct and withhold income taxes with respect to the noncash fringe benefit attributable to an employee's personal use of a highway motor vehicle provided by the employer. An employer making this election must notify the employee (at such time and in such manner as provided in Treasury regulations) and must include the fair market value of the benefit on the form W-2 furnished to the employee. An electing employer must still withhold social security (or railroad retirement) taxes. This provision is effective as of Jan. 1, 1985.

The conference agreement intends that the regulations are to be revised to allow an employer to elect, for income and employment tax purposes, to treat taxable fringe benefits (including personal use of employer-provided automobiles) as paid on a pay period, quarterly, semiannual, or annual basis.

F. Limitations on Investment Tax Credit and Depreciation for Automobiles

The conference agreement provides that the limits on the amount of investment tax credit and annual depreciation deductions that may be claimed with respect to an automobile are reduced as follows: (1) the investment tax credit is limited to $675; (2) depreciation in the first taxable year the automobole is placed in service is limited to $3,200 and (3) depreciation in any subsequent taxable year is limited to $4,800. The conferees made these changes to the House bill to ensure that the conference agreement is revenue neutral.

G. New Regulations

The conference agreement requires that the Treasury Department issue regulations to carry out the provisions of the House bill not later than Oct. 1, 1985.

BILL SIGNED

May 24, 1985.—Signed by the President.

(Public Law 99-44)

H.R. 2005 **May 15, 1985**

To amend title II of the Social Security Act and related provisions of law to make minor improvements and necessary technical changes.

HOUSE BILL

(Extends the waiver authority under which the Social Security Administration may conduct vocational rehabilitation demonstration projects; substitute a special disability advisory council for the general quadrennial advisory council required by law to be appointed in 1985; extend the current law treatment of adopted grandchildren to adopted great-grandchildren; provide relief for disabled widows who were inadvertently made ineligible for SSI and medicaid benefits by an increase in their social security benefits in the 1983 Social Security Amendments; and correct a technical error in the Social Security Amendments of 1983 which resulted in discriminatory tax treatment of benefits received by citizens of American Samoa. The bill also contains several minor clerical and technical changes to clarify congressional intent in other areas, including reentitlement to benefits of childhood disability beneficiaries, the disability family maximum benefit computation for working auxiliary beneficiaries, and deeming January checks paid in December because of a holiday to be paid in January for purposes of taxation of benefits and reserve fund calculations.)

To amend the Internal Revenue Code of 1954 to simplify the imputed interest rules of secs. 1274 and 483, and for other purposes.

May 14, 1985—Reported by the House Committee on Ways and Means **(H. Rept. 99-87).**

May 21, 1985—Passed by the House, by 425 yeas and 1 present.

COMMITTEE ACTION

May 29, 1985.—Referred to Office of Management and Budget and Department of the Treasury.

BILL ORDERED REPORTED

June 6, 1985.—Ordered reported amended, as follows:

1. For a 3-year period, the test rate of 100 percent of the applicable Federal rate (AFR) that is applied to certain transactions above $2 million is moderated by a "governor" when the AFR exceeds 12 percent. If the AFR is above 12 percent, the test rate is 12 percent plus one-third of the difference between the AFR and 12 percent. A transaction would be entitled to use this governor if either (1) the term of the loan does not exceed 2/3 of the property's depreciable life, at least 80 percent of the interest is paid currently and not more than 50 percent of the purchase price is financed by the seller, or (2) the property is not depreciable by the purchaser.
2. The portion of a refundable entry fee paid by persons 65 or older to a continuing care facility that does not exceed $90,000 is not subject to the low interest loan rules.
3. The provision in the House bill requiring a lease of real property to have a remaining term of at least 19 years (instead of 18 years, as under current law) in order for the lessee's expenditures to qualify under the rehabilitation tax credit rules applies to leases executed by the lessee after May 16, 1985.
4. The authority given to Treasury to allow taxpayers to use an imputed interest rate lower than the applicable Federal rate if they can prove the appropriateness of the lower test rate is effective as if included in the Deficit Reduction Act of 1984.
5. Home loans made by an employer or his agent pursuant to an employee relocation loan agreement are tested by using the applicable Federal rate at the time the purchase contract for the employee's home is entered into.

SENATE ACTION

June 13, 1985.—Reported favorably to the Senate **(S. Rept. 99-83)**, with an amendment in the nature of a substitute.

June 26, 1985.—Passed by the Senate by voice vote (Congressional Record S8781), after agreeing to a committee amendment in the nature of a substitute and taking action on amendments proposed thereto, as follows:

Adopted:

Heinz amendment No. 424, requiring that substantially all facilities must be owned or operated by a qualified continuing care facility shall not apply to current facilities, by voice vote (Congressional Record S8804);

Heinz amendment No. 425, requiring that any continuing care contract containing a lifetime residency guarantee shall not apply to loans made before Jan. 1, 1986, by voice vote (Congressional Record S8804);

Danforth amendment No. 426, providing that sec. 7872 of the Internal Revenue Code shall not apply to nonloan payments to certain residential housing facilities for the elderly, by voice vote (Congressional Record S8804);

Durenberger amendment No. 429, replaces the dollar-for-dollar phaseout of 9 percent discount rate in instruments between $2,000,000 and $4,000,000 with a discount rate of 100 percent of the applicable Federal rate, by voice vote (Congressional Record S8816);

Metzenbaum amendment No. 430 (to amendment No. 429), of a perfecting nature, to provide a discount rate equal to 110 percent of the applicable Federal rate in case of sale-leasebacks or where purchase price exceeds $25,000,000, by voice vote (Congressional Record S8817); and

Melcher amendment No. 431 (to amendment No. 429), of a perfecting nature, clarifying the meaning of qualified property and qualified person, by voice vote (Congressional Record S8820).

Rejected:

Chafee amendment No. 423, to remove provisions relating to loans to qualified continuing care facilities by rollcall vote, 72 yeas, 25 nays (Congressional Record S8786); and

Melcher amendment No. 428, to provide for a blended imputed interest rate where debt exceeds $2,000,000 for sales of seller-financed farms and ranches, and real property used in an active trade or small business. (A point of order was sustained, holding that the amendment was in violation of the Congressional Budget Act, by rollcall vote, 54 yeas, 43 nays. Senate subsequently tabled a motion to waive the Congressional Budget Act with respect to the consideration of amendment No. 428.) (Congressional Record S8808.)

CONFERENCE ACTION

June 26, 1985.—Senate insisted on its amendments, requested a conference with the House, and named the following conferees: Messrs. Packwood, Roth, Chafee, Heinz, Durenberger, Long, Bentsen, Matsunaga, and Moynihan.

Aug. 1, 1985.—House disagreed to Senate amendment; agreed to a conference with the Senate; and named the following conferees: Messrs. Rostenkowski, Gibbons, Pickle, Rangel, Stark, Duncan, Archer, and Vander Jagt.

Aug. 1, 1985.—Conference report filed in the House **(H. Rept. 99-250).**

Aug. 1, 1985.—House agreed to conference report, by voice vote (Congressional Record H7157).

Oct. 1, 1985.—Senate agreed to conference report, by voice vote (Congressional Record S12344).

DESCRIPTION OF CONFERENCE ACTION

I. SIMPLIFICATION OF GENERAL IMPUTED INTEREST RULES

A. THE IMPUTED INTEREST RULES

H.R. 2475—Continued

THE IMPUTED INTEREST RULES

The conference agreement generally follows the House bill with the following modifications. Under the conference agreement, where the amount of seller financing does not exceed $2,800,000, the imputed interest rate generally may not exceed 9 percent. Where the amount of seller financing is greater than $2,800,000, the imputed interest rate is generally 100 percent of the AFR. An imputed interest rate of 110 percent of the AFR, however, applies to sale-leaseback transactions. Indexing of the $2,800,000 threshold for the 9-percent rate (and the $2 million threshold for cash-method debt instruments) begins after 1989.

The effective date of the regulatory authority relating to the use of a lower imputed interest rate is the same as in the Senate amendment. In this regard, the conferees intend that the regulatory authority be exercised in a manner so that the lower rate would be permitted only in circumstances where it can be demonstrated that both the rate recalculated based on the same principles as the AFR and the rate at which the borrower can borrow funds on an arm's length basis is lower than the AFR that otherwise would be applicable to the borrower's debt instrument. Further, it is intended that the rate permitted under the regulations would be not less than the borrower's arm's length borrowing rate.

The conferees understand that where a sale or exchange takes place after June 30, 1985, pursuant to a binding contract entered into on or before that date, the imputed interest rates for such a transaction are to be determined pursuant to the provisions of the conference agreement using applicable Federal rates in effect on the date the binding contract was entered into. For example, if a seller executes a binding contract on Mar. 15, 1985, with a buyer to purchase nonpublically traded property with seller financing of $3 million and the transaction is closed on July 15, 1985, the test rate is 100 percent of the AFR for Mar. 15, 1985.

Under the conference agreement, the imputed interest rules will not be applied to the issuance or modification of certain specified debt instruments held by the New York State Mortgage Loan Enforcement and Administration corporation, provided such issuance or modification is in connection with the workout of such debt instruments and the principal amount of indebtedness resulting from such workout does not exceed the sum (as of the time of the workout) of the outstanding principal amount of the specified debt instrument and any arrearages thereon. The conferees understand that the rate of interest charged with respect to the arrearages shall be not less than the rate on the related loan. The conferees intend no influence in adopting this provision regarding the appropriate income tax treatment of such debt instruments or of other debt instruments in similar circumstances. Specifically, the conferees intend that no inferences be taken from the adoption of this provision that any arrangements existing prior to or resulting from these workout agreements is properly considered as debt for tax purposes.

METHOD OF ACCOUNTING

The conference agreement is the same as the House bill and the Senate amendment.

ASSUMPTIONS

The conference agreement is the same as the House bill and the Senate amendment. The conferees are concerned about the extent to which the assumption rules apply when the terms of the debt are modified. The conferees expect that the Treasury Department will issue regulations, consistant with the purposes of these provisions, regarding the proper tax treatment of all parties in transactions where the terms and conditions of the obligation are modified or changed in connection with the transfer of property.

B. ACCELERATED COST RECOVERY SYSTEM

The conference agreement is the same as the Senate amendment. The conferees intend that the recovery percentages to be computed by the Treasury Department be done on a more exact basis than is current practice. Specifically, if the Treasury Department provides that depreciation may be calculated by applying specified percentages to the basis of the property, the conferees intend that the percentage be expressed to at least the nearest tenth of a percentage point. Similarly, separate percentage rates should be provided for each month during a taxable year during which the property may be placed in service.

II. BELOW-MARKET LOAN PROVISIONS

LOANS TO CONTINUING CARE FACILITIES

The conference agreement generally follows the Senate amendment with certain modifications. First, the requirement that the continuing care facility own or operate substantially all the facilities used to provide services under a continuing care contract is effective without regard to when a facility began operating (or a contract for the construction of the facility was entered into). Second, no restrictions are placed on the effective date of any Treasury regulations relating to the application of the below-market loan rules to loans made to elderly care facilities.

The provision in the Senate amendment relating to whether specified payment arrangements are to be treated as loans for purposes of the below-market loan rules is limited to three specified elderly care facilities that would not qualify as continuing care facilities under the Senate amendment. In this regard, the conferees confirm that the below-market loan rules of the 1984 act and the changes made to those rules by this bill only apply to transactions that are loans for Federal income tax purposes. The conferees specifically intend that the provisions of the bill do not define, and do not alter, the prior law rules relating to what transactions are, or are not, to be treated as loans. In addition, the conferees understand that a payment to a continuing care facility pursuant to a continuing care contract frequently is wholly or partially refundable for a relatively brief period (e.g., six months) essentially for consumer protection purposes pursuant to State law or regulations. The conferees also understand that payments to a continuing care facility are often refundable on a declining pro rata basis over a somewhat longer period (often up to eight years). The conferees understand that such payments ordinarily would be treated as the advance payment of fees and not as loans under present law.

In addition, certain technical modifications have been made to the language contained in the Senate amendment.

H.R. 2475—Continued

EMPLOYEE RELOCATION LOANS

The conference agreement follows the Senate amendment.

Rejected:

Melcher-Zorinsky amendment No. 2155, to allow a 30-percent capital gains exclusion for the sale of property by an individual actively engaged in the trade or business of farming or woodlot operation and to limit net operating loss carrybacks. (The amendment was ruled as not in order, as it would amend language already agreed to.)

June 24, 1986—By 97 yeas to 3 nays, Senate passed H.R. 3838, after agreeing to a Committee amendment in the nature of a substitute and taking action on additional amendments proposed thereto, as follows:

Adopted:

Armstrong amendment No. 2161, to modernize certain provisions of subchapter M of the Internal Revenue Code of 1954, relating to the regulated investment company qualification rules.

Mattingly amendment No. 2133, expressing the sense of the Congress that tax reform legislation remain unchanged for a period of at least 5 years from the date of enactment, by a rollcall vote of 50 yeas to 47 nays.

Durenberger amendment No. 2162, to treat certain entities as trusts for tax purposes.

H.R. 3838—Continued

Chiles amendment No. 2163, expressing the sense of the Senate that the committee of conference on H.R. 3838 should report Federal tax reform legislation that produces a revenue path with minimal revenue fluctuations.

Moynihan amendment No. 2164, to extend the common paymaster rule for FICA taxes to partnerships, estates, and trusts.

Kennedy-Kerry amendment No. 2165; to provide a transition rule for a certain public housing project, while maintaining revenue neutrality.

Packwood amendment No. 2166, of a technical nature.

Packwood (for Wilson) amendment No. 2167, relating to irrevocable estate elections.

Byrd amendment No. 2169, to provide special relief for flood disaster victims.

Rejected:

Melcher-Zorinsky amendment No. 2156, to allow a 30-percent capital gains exclusion for the sale of property by an individual actively engaged in the trade or business of farming or woodlot operations, and to limit net operating loss carryback. (By 50 yeas to 47 nays, Senate tabled a motion to waive section 303 of the Congressional Budget Act with respect to consideration of the amendment. A point of order was earlier made that the amendment was in violation of the Congressional Budget Act.)

Withdrawn:

Moynihan-Dole amendment No. 2168, to delete the dealers exception from the hedging rules while retaining revenue neutrality.
